

ACADEMIC MONITORING AND FEEDBACK COMMITTEE

Roles:

The Academic Monitoring and Feedback Committee's primary objective is to continuously monitor the academic performance of the dental program, identify areas for improvement, and provide constructive feedback to faculty and students.

Responsibilities:

The Academic Monitoring and Feedback Committee will have the following key responsibilities:

- **Monitoring Student Performance:** Analyze student grades, course completion rates, and identify students experiencing academic difficulties. Review data on student performance to identify trends or areas requiring intervention. Develop and implement early warning systems to proactively identify and support at-risk students.
- **Monitoring Course Delivery:** Review course syllabi, teaching methods, and assessment strategies to ensure alignment with learning outcomes and program standards. Conduct classroom observations (with faculty consent) to evaluate teaching effectiveness and student engagement. Analyze student feedback on courses and faculty to identify areas for improvement in teaching methods or curriculum delivery.
- **Providing Feedback:** Provide constructive feedback to faculty on their teaching effectiveness, course content, and assessment methods based on monitoring data and student feedback. Offer guidance and support to faculty members seeking to improve their teaching skills or course design. Issue reports summarizing program performance and recommendations for improvement to the program director, dean, or relevant college authorities.
- **Promoting Continuous Improvement:** Analyze trends and identify areas where the curriculum, teaching methods, or student support services need improvement. Recommend changes to the program director or dean to enhance student learning outcomes and overall program quality. Stay updated on best practices in dental education and suggest their implementation within the program.
