#### SUMMARY REPORT OF THE EVENT

#### **PHOTOBIOMODULATION**

The Photobiomodulation (PBM) course is designed to provide participants with a comprehensive understanding of PBM therapy, its mechanisms, and its applications in various medical fields. The course covers both theoretical knowledge and practical skills, ensuring participants can effectively implement PBM in their practice. The Photobiomodulation course equips participants with the essential knowledge and skills to effectively implement PBM therapy in their practice, enhancing patient outcomes and promoting healing.
