Report of Event

Date: 25th April 2025

Introduction:

To provide interns and final-year BDS students with a comprehensive understanding of the current challenges in the field of dentistry and to explore the wide range of opportunities available for their future career development.

Objectives:

General Objectives:

- **To equip future dental professionals** with a realistic understanding of the evolving dental industry landscape.
- **To bridge the gap** between academic knowledge and practical challenges faced in clinical settings.
- **To motivate students** to pursue lifelong learning and adapt to advances in dental science and technology.

Specific Objectives:

- ☐ **To identify and analyze** the major challenges faced by dental professionals in clinical, academic, and entrepreneurial settings.
- ☐ **To create awareness** about emerging trends and technologies in modern dentistry, including digital and cosmetic dentistry.
- ☐ **To introduce various career pathways** available after BDS, including MDS, research, public health, teaching, and private practice.
- ☐ **To guide students** in making informed decisions regarding specialization and postgraduate entrance exams.

Glimpse

A Capability Enhancement Programme “**Dentistry: Challenges and Opportunities**” was held on **24th April 2025** for interns and 4th BDS students. A total of 80 students attended the programme. It featured expert speakers who addressed key topics such as career pathways, emerging technologies, and the realities of clinical practice. Alumni shared personal experiences, offering guidance on MDS preparation and private practice. The session was interactive, with active student participation during the Q&A. The event concluded with a vote of thanks and positive feedback from attendees, making it both insightful and motivational.
