Report of Event

Date: 4th Oct 2024

Introduction:

To introduce and strengthen the foundational knowledge and practical application of research methodology among interns and postgraduate students, fostering critical thinking and scientific inquiry.

Objectives:

General Objective:

- To promote a research-oriented mindset among interns and postgraduate students.
- To build a foundational understanding of research methodology across disciplines.
- To enhance analytical and critical thinking skills necessary for academic and clinical research.

Specific Objectives:

1. To familiarize students with the basic concepts and importance of research in academic and clinical settings.
2. To guide participants on formulating research questions, hypotheses, and objectives.
3. To explain various types of study designs and data collection methods.
4. To provide an overview of statistical tools and ethical considerations in research.
5. To introduce literature review techniques and citation management tools.

Resource person: Dr. Rekha Rani, Professor, Panineeya Dental College.

Venue – lecture hall 3, MRDCW

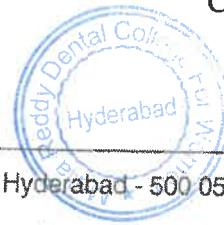

Date- 1st Oct 2024

Glimpse of the Event

A research methodology session was conducted for 83 interns and postgraduate students from various departments. The workshop aimed to enhance participants' understanding of research design, data analysis, and scientific writing. Key topics included framing research questions, study design, ethical considerations, and referencing tools. The interactive format encouraged student engagement and cross-disciplinary learning. The session served as a foundation for developing sound research practices. Overall, it was a valuable and insightful experience for all attendees.
