Report

The "Communication Essentials" program was a success, with 100% of participants rating it as "useful" or "very useful". The program equipped 3rd and 4th BDS students with essential communication skills to enhance their patient care and interpersonal relationships. We look forward to organizing more such programs in the future.

General Objective:

- To equip dental students with effective communication skills to enhance patient care and interpersonal relationships.

Specific Objectives:

- To understand the importance of verbal and non-verbal communication in clinical practice

- To develop active listening and empathy skills to improve patient interaction

Glimpse of the Event

Capability Enhancement Programme on Communication Essentials was conducted for 3rd and 4th BDS students, with 92 students registering for the session. This insightful programme focused on developing effective communication skills, essential for building strong patient relationships and delivering quality care. Through interactive role-plays and group discussions, participants learned active listening, empathy, and clear communication techniques. By enhancing their communication skills, these future dentists can now provide more compassionate and patient-centered care.
